

Dear Parents and Year 5 / 6,

We hope that you are keeping busy with the scheduled tasks in your folders – remember that there are also lots of resources online to keep you busy too (under supervision of an adult). For example, ***myminimaths.co.uk*** has daily maths lessons for every year group as well as videos explaining some of the methods. Joe Wicks (on YouTube) does a daily workout, live, at 9am everyday to help you keep fit and active. And there are lots of inspiring ideas on [www.pobble365.com](http://www.pobble365.com) to assist with your writing and reading.

For parents/carers:

We have a year group email through which we will be able to communicate with you or if you want to share anything that you have done.

Thank you for your support and keep you and your loved ones safe,
