

Number:

Make a toy shop using things from your house. Can you make some prices? Can you write some sums adding 2 things together from your shop?

People and Communities:

Find out about St George's Day. You could watch the Cbeebies celebrate programme about St George's Day. Can you write something about what you have learnt and draw a picture?

Reading:

Can you make a den using cushions and blankets and read a story inside?

Art and Design:

Can you draw the things you can see from your window? Or draw something in your garden?

Communication and Language:

Make a collection of things from around your house and cover with a cloth. Take something away, can you guess what is missing?

Writing:

Can you write a little diary each day? Write a sentence and draw a picture to say what you have been doing.

Understanding the World:

Find out which things in your house float or sink. Test a few things in either the washing up bowl or in the bath! Can you draw a picture of the things that float and the things that sink?

Shape:

Go on a hunt around your house, can you find some 2D shapes?

Technology:

Take 3 photos of your favourite things and say why you have chosen them.
