

ZPS Cleaning Risk assessment

Guidance

Introduce enhanced cleaning, including cleaning frequently touched surfaces often using standard products, such as detergents and bleach

Points to consider and implement:

putting in place a cleaning schedule that ensures cleaning is generally enhanced and includes:

- more frequent cleaning of rooms / shared areas that are used by different groups
- frequently touched surfaces being cleaned more often than normal
- Toilets allocated at key points with access available to all pupils across the day
- toilets will need to be cleaned regularly and pupils must be encouraged to clean their hands thoroughly after using the toilet
- **See Rota of continuous clean -**
