

EYFS Educational Programme	<p>It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together. Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words. Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in speech, before writing).</p>
In Nursery - children will be learning to:	<ul style="list-style-type: none">• Understand the five key concepts about print:<ul style="list-style-type: none">○ print has meaning○ print can have different purposes○ we read English text from left to right and from top to bottom○ the names of the different parts of a book○ page sequencing• Develop their phonological awareness, so that they can:<ul style="list-style-type: none">○ recognise spoken words that rhyme○ provide a string of rhyming words○ count or clap syllables in a word○ recognise words with the same initial sound, such as money and mother○ be able to use appropriate vocabulary to talk about and distinguish between speech sounds○ to blend and segment words orally• Engage in extended conversations about stories, learning new vocabulary.• Use some of their print and letter knowledge in their early writing. For example: writing a pretend shopping list that starts at the top of the page; writing 'm' for mummy.• Write some or all of their name.• Write some letters accurately.
In Reception - children will be learning to:	<ul style="list-style-type: none">• Read individual letters by saying the sounds for them.• Blend sounds into words, so that they can read short words made up of known letter– sound correspondences.• Read some letter groups that each represent one sound and say sounds for them.• Read a few common exception words matched to the school's phonic programme.• Read simple phrases and sentences made up of words with known letter–sound correspondences and, where necessary, a few exception words.• Re-read these books to build up their confidence in word reading, their fluency and their understanding and enjoyment.• Form lower-case and capital letters correctly.• Spell words by identifying the sounds and then writing the sound with letter/s.

Our Learning Journey: Literacy

	<ul style="list-style-type: none"> • Write short sentences with words with known sound-letter correspondences using a capital letter and full stop. • Re-read what they have written to check that it makes sense.
Early Learning Goals: Children at the expected level of development will:	
ELG: Comprehension	<ul style="list-style-type: none"> • Demonstrate understanding of what has been read to them by retelling stories and narratives using their own words and recently introduced vocabulary. • Anticipate – where appropriate – key events in stories. • Use and understand recently introduced vocabulary during discussions about stories, non-fiction, rhymes and poems and during role-play.
ELG: Word reading	<ul style="list-style-type: none"> • Say a sound for each letter in the alphabet and at least 10 digraphs. • Read words consistent with their phonic knowledge by sound-blending. • Read aloud simple sentences and books that are consistent with their phonic knowledge, including some common exception words.
ELG: Writing	<ul style="list-style-type: none"> • Write recognisable letters, most of which are correctly formed. • Spell words by identifying sounds in them and representing the sounds with a letter or letters. • Write simple phrases and sentences that can be read by others.
Y1 curriculum	
<p>Children will start the National Curriculum in Y1 and follow the English programme of study.</p> <p>By completing the literacy educational programme, it will give the children the broad range of knowledge and skills that provide the right foundation to start the Y1 curriculum because they will:</p>	
<p>Understand what has been read to them and be able to retell stories. Be ready to start phase 5 of the Letters and Sounds Phonic programme. Say a sound for each letter in the alphabet and at least 10 digraphs. Be able to read unfamiliar words by decoding and have speedy recognition of some common exception words. Spell words by segmenting and write some common exception words. Write simple phrases and sentences that can be read by others.</p>
